Coordinate care and communication between clients, families and medical providers

Help with hospital stays and outpatient surgeries

Review medical bills, health insurance benefits and assist with insurance claims

Conduct background research regarding diagnosis and treatment options

Help manage care for family members and seniors

PATIENT ADVOCACY

The Patient Advocate Agency helps clients with managing their health care. Today's health care system is very complex and costly with many medical procedures, treatments, medications and endless insurance problems that can be difficult to navigate and understand. This is where we come in and help clients sort through options and to maximize results with their medical professionals and insurance providers.

If you or a loved one are experiencing healthcare problems associated with your medical provider, insurance company, doctor or a family member, please give me a call to discuss how we can help you.

As a Board-Certified Patient Advocate, let me help you get the attention and results you deserve.

Call or email me to get started with a free phone consultation.

Sincerely,

Cindy Johnson
